

Environmental Advisory Council

September 19, 2017

Attendance: Sally Duffy, Darryl Speicher, Patti O'Keefe

Absent: Dale Price, Bill Pipolo

Ice Lake: Patti met with Fallon Horan from the Monroe County Planning Commission to expand the trail at Ice Lake. The current trail circles the Lake, but is rather short. There is an existing old woods road which unfortunately crosses into the State Game Land. The trail was mapped, and Fallon is in contact with PARC about putting in a longer trail.

PARC was contacted about putting up a kiosk that would show the park, the ball fields, and park regulations at Ice Lake parking area. This could be an Eagle Scout project like the one at Pasold Farm. It could also show the proximity of Game Land to alert hikers about being aware during hunting season.

Meeting adjourned at 7:15 p.m.
